Easy Setup

WHAT YOU'LL NEED

- A Wattpad username (public data only)

STEP BY STEP

1 Find the username

The @handle of the Wattpad profile you want to track. [wattpad.com](https://www.wattpad.com) ↗

2 Connect in PawPoller

Enter the Wattpad username in Settings. No password needed — it reads public stats.

WHERE IT GOES IN PAWPOLLER

Settings → Wattpad → Target user

KEEPING IT ALIVE

Never. Nothing to renew — it uses public data.

GOOD TO KNOW

- Because it's public data, there's no login and nothing to expire.
