PAWPOLLER · GETTING STARTED GUIDE

Newgrounds

Track your Art, Audio and Movie Portal submissions, and publish artwork, audio and video pieces as new projects.

Analytics + Posting | Medium Setup

Open this guide as a PDF ↗

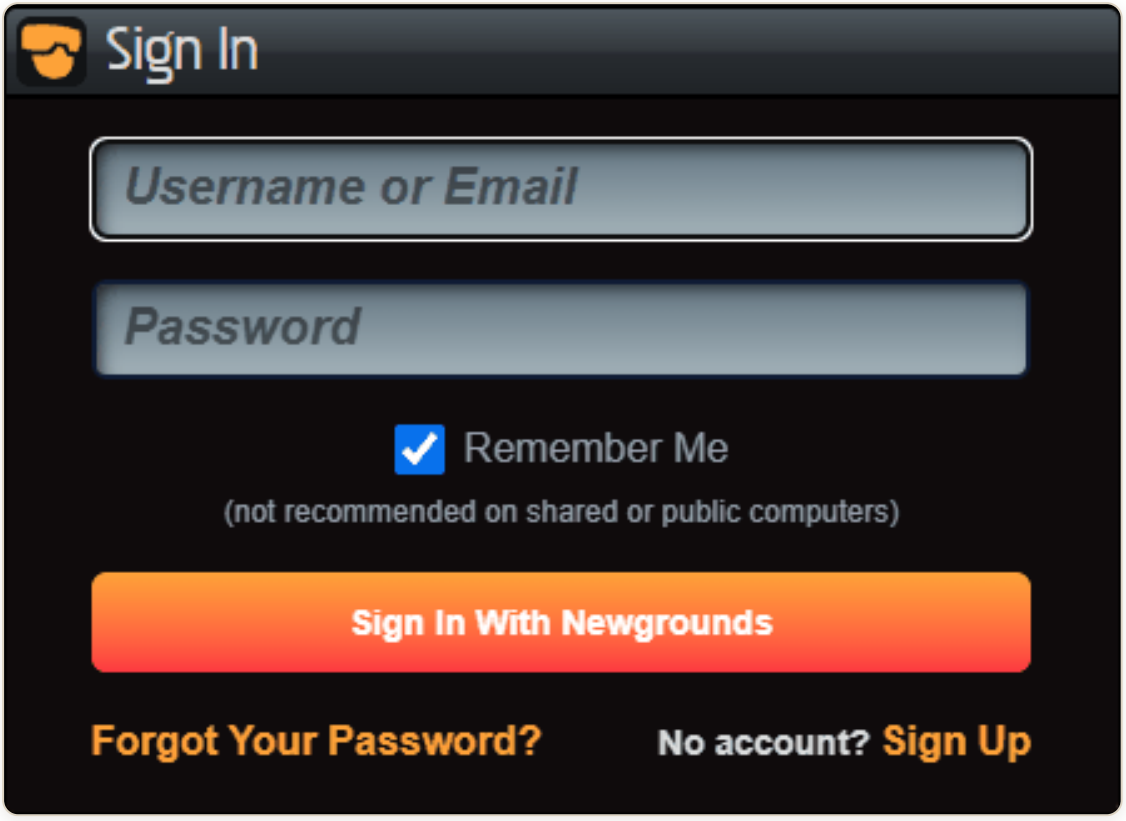

WHAT YOU'LL NEED

- A Newgrounds account
- A desktop browser with DevTools (F12)

STEP BY STEP

1 Sign in on the website

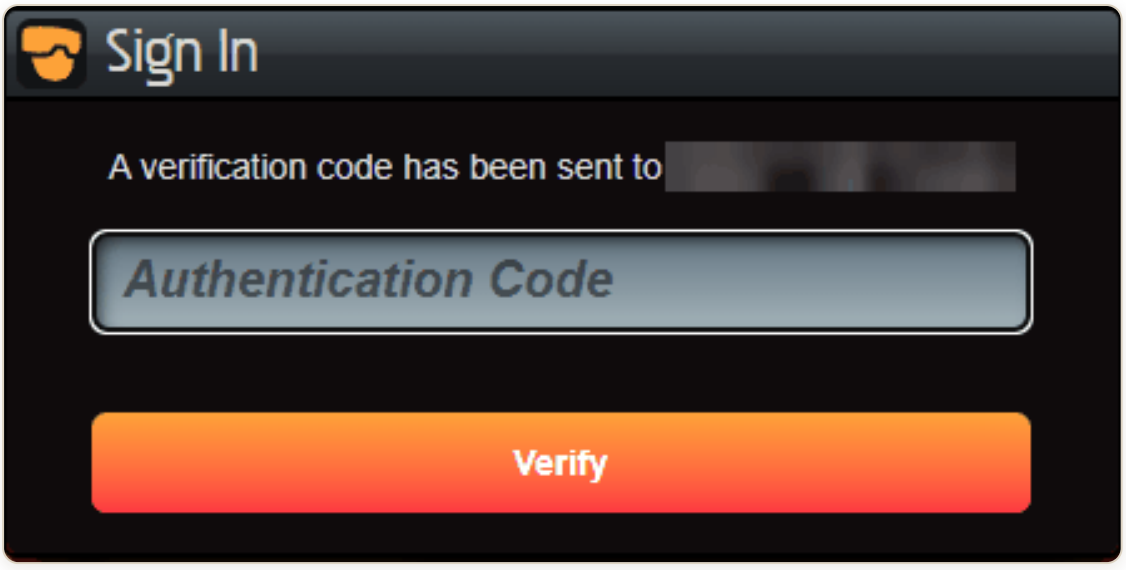

Newgrounds has no API, so PawPoller uses your browser session. Log in at newgrounds.com. newgrounds.com ↗

Newgrounds Passport: Username or Email, Password, Sign In With Newgrounds

2 Enter the emailed code if asked

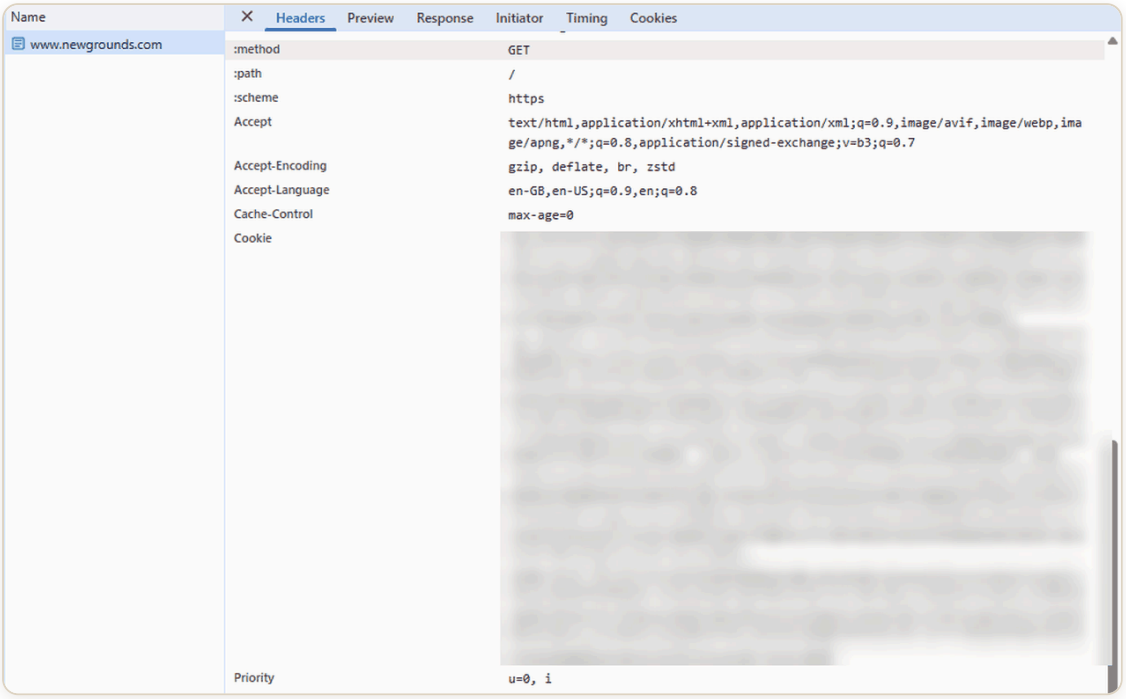

On a browser Newgrounds has not seen before it e-mails a verification code and waits for it here. Type it in and the session is yours.

Newgrounds Passport asking for the Authentication Code it e-mailed (address blurred here)

3 Copy the cookie header

Press **F12** → **Network**, reload the page, click the top **Doc** request (newgrounds.com), and under **Request Headers** copy the whole value of `cookie`.

Newgrounds with DevTools open on Network → the document request → Request Headers, the whole cookie value blurred here

4 Connect in PawPoller

Paste the cookie header in Settings (or use the browser login on the desktop app).

WHERE IT GOES IN PAWPOLLER

Settings → Platforms → Newgrounds → Cookie header (or Browser login)

KEEPING IT ALIVE

When the session expires or you log out. Sign in again and paste a fresh cookie header.

GOOD TO KNOW

- Every new submission goes **Under Judgment** first, as all Newgrounds submissions do; the poller reports what the public decided.
- Newgrounds takes every rating, up to A.
- mp3 uploads must be sampled at **44.1 kHz**.
- Formats per portal, from the site's submit menu: art webp / gif / jpg / png; audio mp3 / m4a / ogg; animation mp4 / mov / wmv.
